Retreat Weekends with the Ascended Masters

At a time of great change as we anchor a new paradigm of love and peace here on Earth, our willingness to work together and in harmony with the Divine Hierarchy of Light is of great importance.

Each Ascended Master has a specific purpose and line of work to assist humanity in this evolutionary process. But they need those on Earth who are willing to be a channel and instrument for them to anchor their divine frequency of love, light and wisdom here on Earth at a time where it is needed the most.

Therefore join Brigitte Boyea and St. Germain for very different Ascended Master Retreat Weekends at the Spiritual Center in Windsor, NY.

June 9th - June 11th, 2017
June 23rd - June 25th, 2017
(same retreat, offered on two different weekends)

The Ascended Masters and the Initiate at the Gate to Greater Consciousness

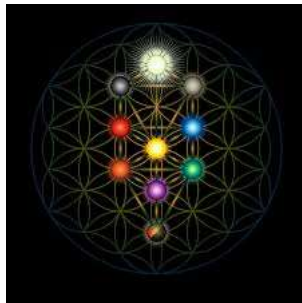

2017 prepares all those who are on the path of enlightenment to step across another threshold to greater consciousness. This leads to the moment where an Initiate will come face to face with their own Divine Self. This not only helps heal the divide between the spiritual and the human Self within you as an individual, but also within humanity as a whole.

During this weekend the Ascended Masters will assist you in this

process. Attunements will be offered that will expand your consciousness to allow the power of the Cosmic Christ love to become an even more effective force in every aspect of your life. Focus will be on tools of transformation and healing to bring your life into a state of balance and perfect alignment with the will of the I Am.

Get ready for a life altering weekend as St. Germain together with Archangel Raphael will bring the full force of the Hierarchy of Light to you. Purpose of this is to awaken the God Seed within you to break down all barriers of separation that are still in place.

A ceremony Saturday evening will seal your connection to a specific Ascended Master who will become your guardian at the gate. He or she will ensure your safety during the time of preparation in 2017.

July 28th - July 30th, 2017

The Ascended Masters and the Kabbalah

During this weekend St. Germain together with members of the Divine Angelic Kingdom, channeled by Brigitte Boyea, will use the teachings of the Kabbalah to give you tools to further unlock your inner Self. This will give you a deeper understanding of who you are, where you came from and why you are here.

There are many stories about where Kabbalah came from, yet only one thing is for sure: It is a cosmic map that was given to humanity by the Divine to find the way home to the Heavens. The Hierarchy of Light knows that now is the time for all of us here on Earth to use this map to become Masters of our own destiny.

During this weekend tremendous powers will be unleashed by the Hierarchy of Light to further assist you in releasing whatever is still holding you back from living your true divine purpose here on Earth. Are you ready to take it to the next level of service as a light worker? If the answer is yes, then you don't want to miss this weekend of deep transformation.

August 25th - August 27th, 2017

The Ascended Masters and the Three Pillars of the Kabbalistic Tree

During this weekend the Ascended Masters together with the Archangels will assist you in deepening your understanding of the significance and purpose of the three pillars of the Kabbalistic Tree and how they influence your life on a daily basis.

Relationships, abundance, peace and happiness are all affected by your ability to maintain a level of balance between them and within your own Self with your heart as the great harmonizer of all.

By consciously starting to work with the pillars that uphold the tree within your own Self, you will bring significant change to you, not only shifting your approach to life in general, but also how you relate to everything that is happening to you. It will give you another tool to take your power back and to step further into alignment with your Divine I Am Presence to live your true purpose here on Earth with ease and joy.

This weekend is a continuation of the teachings received at previous Kabbalah retreat weekends at the Spiritual Center in Windsor, NY. Therefore it is recommended that you have already a certain level of knowledge of Kabbalah to enjoy the benefits of the teachings

that this particular retreat offers.

*September 22nd - September 24th, 2017
September 29th - October 1st, 2017
(same retreat, offered on two different weekends)*

Teachings from Beyond this Solar System!

This is a very significant time in the evolutionary process of earth and humanity that not only affects us here, but also all inhabitants of this Universe and within All That Is. Therefore there is a great interest by those, who have walked the path of ascension already, to assist humanity in doing the same.

Join Galactic Masters of Love and Light from other galaxies, star and planetary systems such as Andromeda, Orion, Sirius, Pleiades and many more to receive guidance, healing and teachings this weekend. This will not only help you, but humanity as well.

You are an ambassador of the galactic realm here on earth. Now is the time to take on an even greater responsibility in this line of work. As you are guided by the Galactic Masters beyond this Solar System to bring healing, awakening and transformation to this world, it will also assist in dissolving the divide between the human mind and the cosmic consciousness of love.

A unique ceremony will take place Saturday evening to reinforce your position as a member of the Galactic Council and galactic ambassador here on Earth.

As St. Germain, channeled by Brigitte Boyea, will be the host for all the weekends, a lot of inner transformation for all participants is guaranteed throughout the three days which in turn will affect your outer world to change as well. Therefore get ready for a new beginning on all levels of your life if you choose to join us.

We are looking forward to seeing you there.

Love and blessings,

Brigitte and St. Germain
