Message from St. Germain (channeled by Brigitte Boyea)

Greetings, my dear friends and fellow light workers!

You have worked so hard this year as the true alchemist that you are, turning fear into love, separation into oneness and darkness into light. Take this moment and relax with me for a bit.

We know that this year started off with great speed and intensity for you. This was necessary, just as it was in all the previous year. Earth is going through an accelerated spiritual growth process and all of you have a divine role to play in this.

You are light workers. You are needed here on Earth to tread a path out of the darkness of your own inner fears and insecurities into the light of your true divine essence. This you have to do over and over again for others to then be able to follow your lead and example. All of this is part of the Earth Ascension process.

Only total trust and faith in your Divine I Am Presence to guide you along this spiritual path of liberation will take you safely along the cosmic waves of transformation to a place of peace and harmony.

We know that it is not easy for anyone collectively here on Earth to comfortably let go of something that has served them in some form for a long time. Therefore never feel you are failing because you are afraid to step away from a situation, even though you know you have outgrown it. On the contrary, your willingness to feel this fear and pain instead of pretending that it is not there and to hand it over to your Divine I Am Presence to take care of it, makes you an effective Alchemist of Love. This love has to start with the love and forgiveness towards yourself for being human, being what you call imperfect and for still experiencing fear, confusion and separation from source every so often. You are true warriors of light descending into the darkness of Self to give birth to new divine gifts in the process.

In the next few weeks and months, feel the light of your Divine I Am Presence touch you, empower you, direct and guide you. Let yourself fall into the loving embrace of the divine part of you that knows and understands the path you have chosen for this life time. Don't force to bring about resolutions to any situation, but ask for help instead and allow divine intervention to create miracles that you could not imagine in your own wildest dreams. Releasing of control and the need to know all the answers ahead of time will continuously be your greatest challenge in the days ahead.

The next full moon is a time to re-commit to your path of enlightenment. This time, though, remember that you walk this path not alone, but as an extension of God/Source/Creator/The Great Spirit of All That is. You carry the Universe, the Christ Light, the wisdom of your Master Self within you as well as the power to manifest Heaven on Earth.

Love and blessings to all of you at this time of great transformation and awakening on Earth.

Respectfully yours,

I am St. Germain

An Internet Radio Event of Transformation with St. Germain

**Join us for a monthly radio show with St. Germain
channeled by Brigitte Boyea with celestial music by Mike Snyder and
celestial healing support by Mark Rawson**

In these times of great change and new beginnings, it becomes increasingly more difficult to walk the path alone. Therefore use this radio show as an opportunity to receive love and support from someone who has walked the path of enlightenment and ascension before you.

Much has been written about St. Germain. Incarnation after incarnation he participated in freeing the human mind from restricting thought patterns in his constant attempt to liberate the human spirit from the bondage of the past. Now working from the higher realm as an ascended master of transformation, higher truth and mercy, his focus is again to guide you in this process of liberation and to remind you of your true divine origin.

In this one and a half hour radio event, St. Germain will use Brigitte Boyea and Mike Snyder as his channels to convey messages of love, empowerment and divine wisdom.

Mike Snyder will bring St. Germain's essence to you by playing his piano in alignment with the celestial realm. As music is a universal language that does not know barriers, it brings healing on a very deep level allowing you to open up your heart further to the divine love within and around you.

At the same time, Mark Rawson will add his powerful oneness blessings to Mike Snyder's channeled music bringing much healing and empowerment to the listeners.

Brigitte Boyea will then become St. Germain's voice. He will address current world issues and provide guidance to assist you in making new choices in your life. St. Germain will also take you on powerful inner journeys to offer specific energy attunements that unleash great transformational forces. This will further support you to live a life in alignment with your heart on your path of enlightenment.

To close the radio show Mike Snyder will play another channeled piece of celestial music to help you integrate what you have received during your time with St. Germain.

If time permits, listeners will be able to call in live to ask St. Germain a question. Callers are usually getting the opportunity to talk to St.

Germain around 9 pm. The telephone number is 1-646-716-9663.

Don't miss this great opportunity to receive additional support at a time where it is so easy to lose track of what is important in your life. Remember, it is really you who is important and it is you who is loved and has not been forgotten. Therefore take this time for you. You deserve it.

Love and blessings,

The Hierarchy of Light

Celebration of the Wesak Festival

Please join us for the celebration of the Wesak Festival. 2017 has already been filled with many shifts and opportunities for consciousness expansion. So get ready for a very powerful and dynamic transformation you will experience this day touching you deep within the core of your heart. After all, 2017 is a year that focuses on balancing opposing forces to bring about completion and new beginnings. So where will life take you next?

The Wesak festival celebrates a time of spiritual renewal. Buddha descends once a year into the Wesak valley on Earth as an intermediary between the Hierarchy of Light and humanity. He then releases a wave of new energies of love and light to all present in the Wesak valley to assist in the empowerment and enlightenment process of humanity.

This is considered one of the holiest ceremonies celebrated each year at the time of the first full moon in Taurus and many light workers around the world meet for this event. The global intent is to expand one's own consciousness as well as the consciousness on Earth in general.

St. Germain channeled by Brigitte Boyea will take you to the Wesak Valley in the Himalayas to be among Angels, Ascended Masters and many other Initiates of the Light for this celebration. During this

ceremony new commitments of service to humanity will be sealed within every participant. A unique spiritual alignment is then created assisting you to live and express your Divine purpose more fully in your day to day life and to become even further a living vessel of the healing powers of divine love and truth.

Mike Snyder will also add his powerful gift as a channel and instrument of the Hierarchy of Light to this evening.

He will intensify the experience as he channels the higher frequencies of love and light from the celestial realm to us by playing his piano during the event. His music touches you at the core of your being allowing you to be more receptive to the powerful energies given out by Buddha in the Wesak Valley.

Allow yourself to receive support in these times we live in. Come to our booth where Angels and Ascended Masters will take you on a very personal inner journey of healing. You will receive energy attunements and assistance in general to help you with the days ahead.

**The Ascended Masters, ArchAngels and Elohims of
the Seven Sacred Rays
Light Bridge Channel Workshop Intensive
Level III**

Pre-registration required!

All rays are different expressions of God/Source/Creator/The Great Spirit of All That Is. Each ray in its vibration and color has a unique purpose that is directed and anchored into the fabric of life itself by specific Ascended Masters, ArchAngels and Elohims to bring about change and consciousness expansion. There is great significance to seven of these rays and the full realization, integration and application of their unique frequencies here on Earth at a time when a new paradigm of love is being birthed.

During this weekend you will learn about the seven main rays. You will be taken by different Ascended Masters, using Brigitte Boyea as their channel, on inner journeys to attune you further to the divine purpose of these rays and how to integrate them into your daily lives. You will be connected to a specific Ascended Master who will become your Teacher and Guide to assist you in the conscious application of one of these seven rays to bring healing and enlightenment to Earth. You will also have the opportunity to gain a deeper understanding of what it means to be a channel of this specific ray and how to best utilize its divine purpose.
